## Rhodes – release the merchant in you!

250 BC, Rhodes. As a Greek farmer you cultivate olives, grapes, wheat and goat milk. By influencing the Gods, using irrigation and good timing your harvest grows! In order to make a fair profit you want to have the best price for your goods. When you sail your ship with fresh goods into the Harbour, you will affect the market price immediately. Starting as farmer you become more and more a merchant in this interactive economical game for 2-5 players.

## **Limbo – the animals are loose**

The animals are ready to limbo. Are you? In this fun quick card game the players need to move all of their animals under the limbo tree. But, to win this competition you need to go lower and lower...till the monkey comes around and completely changes the rules of the game! Will you understand in time that the rules have changed or are you stuck with a big elephant at the end?
